Vor-Tech Bucket Hat

Ideal for all types of weather, the unique Vor-tech® Bucket Hat construction is your barrier against the elements by being waterproof--while still being comfortable and breathable. Available in XS, S/M and L/XL sizes.

- 1: UPF rating 50+ "Excellent Protection"
- 2: Meets Australian Standards AS/NZS 4399
- 3: 6.5mm brim (Cancer Council recommends 6cm)
- 4: 45 degree tilted hat brim for sun protection
- 5: Teflon treated jacquard
- 6: Microporous membrane
- 7: Incredible breathability and colourfast
- 8: Elastic sweatband
- 9: Available in XS, S/M and L/XL sizing

VOR-TECH®

Exclusive to Legend, Vor-Tech® has been designed to offer incredible breathability and efficient waterproofing properties. Vor-Tech® fabric is a 2 layer structure which involves the lamination of the Vor-Tech® membrane with an outer nylon fabric providing wind and water resistance. The Vor-Tech® membrane coating is micro-porous*, allowing the cap to "breathe" as vapourised moisture from the head passes rapidly through the fabric to the outside, ensuring the insulating layers keep you dry and comfortable. This fabric utilises a durable water repellent (DWR), causing

water to bead and run off the cap. Water is unable to soak into the weave of the outer fabric for the lifetime of the product. Legend takes pride in creating quality products which complement the waterproof, breathable performance that Vor-Tech® fabric delivers.

**Micro-porous technology involves a membrane design using pores which are much smaller than a drop of water, but much larger than a molecule of water. Perspiration easily escapes through the pores in the membrane as moisture vapour.*
